## SERVICES

### SUPPLY & SPREAD SERVICES

Supply and spread services are available to assist snow plow contractors improve service levels and ensure properties are protected and maintained throughout the winter season. Once properties are clear of snow, we will anti-ice or de-ice the property using the selected product of choice.

### LOADER AND HAULAGE SERVICES

Loader & haulage services for contractors who require assistance in clearing or transporting large volumes of snow from ground surfaces and parking lots.

### SNOW REMOVAL SERVICES

We understand that all properties and parking lots are uniquely designed requiring much consideration and planning for plowing and snow piling efforts. To avoid potential accidents and runoffs, improve visibility, and to reclaim space, it is recommended that large obstructive snow piles be removed from properties. Contact our office for more information.
